ABOUT US

Itipack Systems is a world leader in integrated strapping solutions.

Itipack strapping machines provide the can and bottle industry with the optimum strapping solution to prevent costly damage. The system is built exclusively for the type of product produced and ensures that the package is secure during all stages of transfer.

As a single-source supplier, Itipack Systems offer custom strapping systems tailor-fit to our customer's needs for the export of their products.

GLASS Machine

GLASS, CAN and PET

PET

GLASS, CAN and PET

EQUIPMENT FOR STRAPPING CAN, PET AND GLASS BOTTLES:

CAN AND PET BOTTLES

This fully automatic strapping machine has a compression device and high tension strapping head to safely and effectively strap PET bottles and cans. The machine platen mounts onto package and begins the strapping cycle.

GLASS
